

# WINE LIST

“Greek wine history spans over 6,500 years, intertwining myth, culture, and innovation.

From the mythical tales of Dionysus to its modern resurgence, Greece's vinicultural journey is as diverse as its landscapes.

Ancient Greeks revered wine, attributing its discovery to Dionysus. Through trade and cultural exchange, Greek winemaking flourished, spreading across the Mediterranean. During antiquity, Greek wines gained renown, with varieties like Assyrtiko and Xinomavro captivating palates. However, foreign occupations led to a decline until the late 20th century.

Today, Greek wine experiences a renaissance, celebrated for its diversity and quality. From the volcanic soils of Santorini to the mountainous vineyards of Naoussa, Greek wines reflect a rich heritage and modern innovation, captivating wine enthusiasts worldwide”.

## GREEK GRAPE PROFILE | WHITE

### ASSYRTIKO

Probably the finest greek white grape variety, producing wines with a crystalline purity and steely austerity; Powerful with dense yet refined texture, reminiscing on fine wines like chablis grand cru or mosel riesling.

### MOSCHOFILERO

This pink-skinned variety produces elegant wines. Surprisingly fresh, highly aromatic with crisp acidity and light body. It is extremely enjoyable even of its own as aperitif.

### MALAGOUZIA

A truly distinctive variety with intense, highly expressive nose loaded with primary fruit aromas and green spices. Powerful, round and voluptuous it has become one of greece's most important indigenous varieties.

### MOSCHATO SPINAS

An extremely rare indigenous wine variety. The colour is soft yellow with green hints. Is distinguished from its plentiful varietal and blooming character of white flowers, soft and fresh rose petals, jasmine and violet.

### VILANA

It is one of crete's most important white varieties with Floral aromatic profile displaying high levels of spicy and ripe fruity flavors. Refreshing on the palate with an appetizing fruity finish.

### VIDIANO

Crete's "en vogue" varietal. This up and coming white variety is giving wines with aromatic intensity, playful complexity and broad structure on the palate. A genuine cretan wine expression.

## GREEK GRAPE PROFILE | RED

### AGIORGITIKO

A red variety difficult to dislike. Its nose is full of forward plummy fruit and sweet spices. Gentle, rich and fleshy on the palate with fine-grained tannins.

### LIATIKO

Red grape well known usually for superb sweet wines in crete; dry examples display an unparalleled elegance, broad complexity of aromas and flavors.

### KOTSIFALI

Wines from this variety have a typical mediterranean red wine character; high in alcohol and intense but low in acidity. Kotsifali needs a blending partner such as....

### MANDILARI

Which adds quality, character and complexity to the blend.

### XINOMAVRO

Xinomavro is the exact opposite of agiorgitiko. It can give wines with a tight tannic structure with unusual fruit depth; powerful yet subtle with immense potential of long ageing, capable to develop gracefully over a period of several decades.
